Appendix 2: Internal evaluation for the practical stations of the practical training series "hygiene" (since 2017)

Institute of Hygiene, Hospital Epidemiology and Environmental Health Prof. Dr. med. Iris F. Chaberny

Evaluation Practical Training Hygiene 2017

Dear Students,							
Over the past year your fellow students have expressed the desire for more practical relevance with workshops, therefore the concept of the practical training in hygiene has been completely revised. So optimise the practical training in hygiene, we ask you for additional feedback about the workshop. The anonymised and cannot be attributed to you. Many thanks for your participation!	o that w	e are a	ble to f	urther			
Gender: $\Box \bigcirc \Box \bigcirc^{\uparrow}$ Age: yearsSemester:							
My prior knowledge on the topic "hygiene" <u>before</u> the workshop was What importance did the topic "hygiene" have for you <u>before</u> the workshop	Very low	000	Average	0	Very high		
HYGIENE 1
